

CARPORT, GARAGE OR SHED

Complete this form and return it with the building permit application

The following sets out the minimum information that is required to be submitted for a building permit application.

It is the applicants' responsibility to supply sufficient information to the Relevant Building Surveyors. The Relevant Building Surveyor is then required to ensure the application contains sufficient information to determine compliance with the Building Act and Regulations. Where the Relevant Building Surveyor is not satisfied that the appropriate information has been provided they cannot issue the building permit and will request further information.

Bushfire Attack Level (BAL)

Are you in a Bushfire Prone Area? The drafts person drawing the plans can confirm and assess your properties BAL, which is required for every site within a declared bushfire prone area.

Have you?

Have you checked with the relevant officers, if you require a **Planning Permit**?

Have you checked with the relevant officers, if you require a **Waste Water** permit?

Note: Where required, a Building Permit cannot be issued until these have been approved.

REQUIRED DOCUMENTATION:

- Completed application form (Form 1) **signed and dated.**
- Copy of Certificate of Title and Title Plan.
- Property ownership evidence (copy of contract of sale, Council rates notice).
- Owner Builder declaration for domestic building work between \$10,000 and \$16,000 in value.
- (Owner Builders) a Certificate of consent from the Building Practitioners Board to act as an owner builder if the value of work exceeds \$16,000. **(Original document to be provided)**
- (Registered Builders only) A Certificate of Insurance under the Domestic Building Contracts Act for domestic building work exceeding \$16,000 in value, constructed by Registered Building Practitioners. **(Original document to be provided)**
- (Engineered buildings only) A Current Certificate of Compliance – Design, in accordance with Regulation 126 and associated computations for steel and timber components outside of the design limits of the span tables.
- Details of the 'Bushfire Attack Level' assessment by the designer. A detailed site plan is to be provided at a scale not less than 1:1000 showing all the vegetation and contours lines of the site. (see attached for examples of an assessment and vegetation types)
- Construction methods for the selected 'BAL' showing compliance with AS 3959 – 2009, are to be provided on the submitted plans.
- A statement of the use or intended use of all buildings shown on site plan.

Building Permit Application Checklist WEST WIMMERA SHIRE COUNCIL

GENERAL PLANS:

- **1 copy (digital file preferred)** of drawings showing the plan at each floor level, elevations, sections, dimensions, the sizes and locations of structural members to a scale of not less than 1:100, as detailed below;

 - **Floor plan** - fully dimensioned and labelled floor plan including, total floor areas, window and door sizes.
 - **Sectional plan** - indicating roof cladding, pitch, floor, wall, roof construction details. Framework size and type and finished floor levels.
 - **Elevations** - of each side of the building; which clearly indicate the building height in relation to existing and proposed ground levels.
 - **Structural** - Fully dimensioned and labelled footing construction plan including reinforcement.
 - **Bracing and tie down**- Specific connection details, a bracing layout and tie-down details for framework.
 - **Steps / Stairs** - Details of any steps, handrails, balustrades or the like.

- **1 copy (digital file preferred)** of the site plan to a scale of not less than 1:500 or other appropriate scale showing the following information;

 - the boundaries and dimensions of the allotment and any relevant easements.
 - the position and dimensions of the proposed building and its relationship to;
 - a) the boundaries of the allotment; and
 - b) any existing building on the allotment; and
 - c) any part of a building or land on an adjoining allotment, including the locations of their windows. (Note if the proposed building is greater than 9m and the adjoining building is greater than 3m from the allotment boundary, this information is not required).
 - the layout of the proposed storm water drains to the point of discharge on the allotment.
 - the location, dimensions and area of impermeable surfaces covering the allotment (i.e. concrete, paving swimming pools etc).
 - the location and dimensions and area of private open space.
