2021-22**

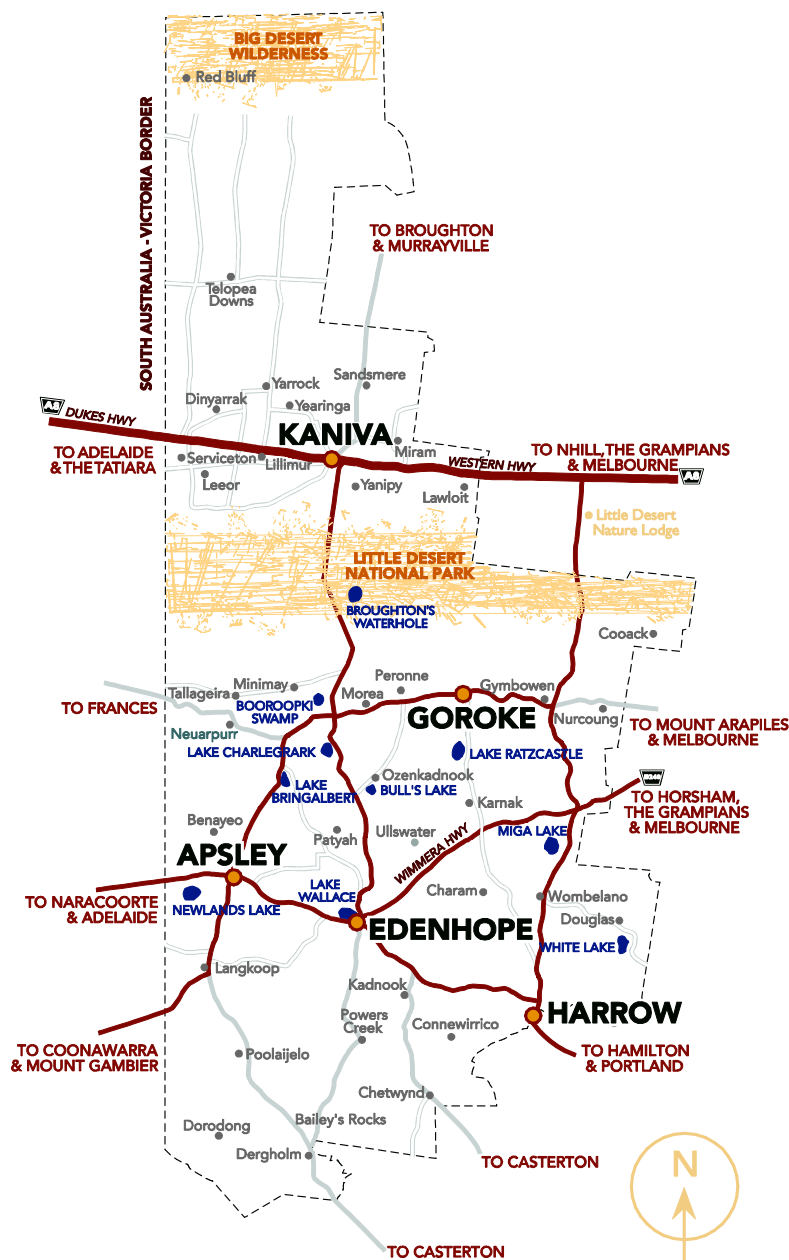

Performance Statement

For the year ended 30 June 2022

Description of municipality

West Wimmera Shire Council is located in Western Victoria and has a strong economy, primarily based on agriculture with growth sectors in health, education and retail. The Shire covers an area of 9,256 square kilometres and includes the townships of Apsley, Edenhope and Harrow to the south of the Shire and Goroke, Kaniva and Serviceton to the north.

Operational Summary

Council has seen the majority of performance indicators remain relatively steady during 2021-22 compared to the prior year.

Council continues to face the challenges of a gradually declining population which is reflected in some of the population-based performance indicators. Council's rates effort continues to decline, due to a combination of significant increases to rural property valuations and the effects of rate-capping.

As external funding contributed to over half of Council's total income in 2021/22, fluctuations in funding levels greatly affect Council's funding-based indicators.

The 2021-22 financial year again brought challenging times for businesses and residents within the Shire with the COVID-19 global pandemic and associated government directives such as border closures continuing throughout the year. Council's leisure and recreation facilities such as libraries, swimming pools, playgrounds and halls were closed for periods of time during year. As such, Council notes relatively steady indicator results for its' recreation and leisure facilities.

My staff and I are independent of the council in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's <i>APES 110 Code of Ethics for Professional Accountants</i> (the Code) that are relevant to my audit of the performance statement in Victoria. My staff and I have also fulfilled our other ethical responsibilities in accordance with the Code.</p> <p>I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.</p>
Councillors' responsibilities for the performance statement	<p>The Councillors are responsible for the preparation and fair presentation of the performance statement in accordance with the performance reporting requirements of the <i>Local Government Act 2020</i> and the <i>Local Government (Planning and Reporting) Regulations 2020</i> and for such internal control as the Councillors determines is necessary to enable the preparation and fair presentation of a performance statement that is free from material misstatement, whether due to fraud or error.</p>

Auditor's responsibilities for the audit of the performance statement

As required by the *Audit Act 1994*, my responsibility is to express an opinion on the performance statement based on the audit. My objectives for the audit are to obtain reasonable assurance about whether the performance statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Standards on Assurance Engagements will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the decisions of users taken on the basis of this performance statement. As part of an audit in accordance with the Australian Standards on Assurance Engagements, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the performance statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the council's internal control
- evaluate the overall presentation, structure and content of the performance statement, including the disclosures, and whether performance statement represents the underlying events and results in a manner that achieves fair presentation.

I communicate with the Councillors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.
